EXPERT COURSE FACILITATOR

Nishant Kasibhatla
Grandmaster of Memory
Intl Master of Memory
CEO Memory Vision

Nishant Kasibhatla is a training consultant in the area of memory management & has designed & delivered memory-based programs for various educational institutions, corporate & government bodies in Singapore, Malaysia, Indonesia, Thailand, Hong Kong, India, Nepal & UK.

He has appeared on Zee TV, one of India’s top three TV stations & Singapore’s own MediaCorp’s 93.8 live, to demonstrate how effective memory techniques can benefit everyone.

Nishant holds a World Record in the field of Human Memory. He has been awarded the titles “International Master of Memory” & “Grand Master of Memory” by the World Memory Championships held at London annually by the International Federation of Memory Sport.

HOW WILL YOU BENEFIT

This training course is specially designed to achieve learning outcomes that will allow participants to improve their outlook on education while raising their grades and quality of study-life balance.

- Improve memory phenomenally
- Make learning a fun exercise
- Ace exams
- Improve grades
- Learn Faster
- Develop razor-sharp concentration
- Use both sides of brain
- Develop a systematic study plan
- Eliminate Study Traps

The Super Memory & Study Skills Workshop is a 16 hours program (4 sessions of 4 hrs each).
Workshop Overview

Students are driven to immense confusion & anxiety from the sheer amount of information that they are required to digest, thus resulting in being turned off while studying. This happens for a variety of reasons, such as:

- No organized system of studying
- Constant reminders from parents to STUDY, STUDY, STUDY
- Exam related fears, anxiety & nervousness
- Unable to concentrate even for a short period of time
- Inability in remembering answers, formulae, scientific terminology etc.
- Constant association of stress/strain with studying
- Lack of immediate results...& more

It is in this context, that Memory Vision has come up with the unique SUPER MEMORY & STUDY SKILLS WORKSHOP that:

- Informs students HOW TO STUDY
- Features proven techniques & methods of studying & memorizing information
- Boosts students confidence in the ability to deal with study-related issues while improving their grades through diligent application of the techniques & methods taught

**WHAT WILL YOU GAIN:**

- Raised academic skills, test scores, grades, self-confidence & motivation
- Enhances the capability for problem-solving & creative thinking
- Improves memory capacity to make studying a breeze & fun
- Learn how to increase concentration & focus while reducing stress
- Encourages forward planning & goal setting
- Reinforces efforts, achievements & positive attitudes
- Ensures a challenging program that is intellectual, creative & fun

- Learn powerful strategies and tips to perform well in exams
- Memorize formulae, equations, facts, definitions, correct spellings of frequently misspelled words
- Learn to use our 30-day plan to super-charge your memory & grades
Testimonials

Success stories of some of our participants

SCORED 8 A1’S IN YEAR-END EXAMINATIONS

I felt that the course increased my concentration levels & sharpened my thinking. It taught me how to memorize wordy texts with ease & without much effort & pressure. One of the techniques, the Ultimate System, was rather thought provoking & I was able to expand my vocabulary repertoire.

The study habits taught me how to study smart & the memory techniques made remembering & retaining information easier. This course is an excellent way to unleash one’s potential as a student because memorizing is now made easy yet intriguing.

Lee Cheng-Shaun of Sec 2, Anglo Chinese School (I) (Extreme left) with dad Chow-Han (centre) & brother Andrew (right)

STOOD 1ST AMONG ALL 122 STUDENTS OF SEC-3

On observation, my son has used the techniques. He gained from attending your program. He is now motivated! His improvement has shown and demonstrated that he has benefited from this program.

The Edusave Scholarship he received has paid back the course fee he attended. His achievement as top level student of Siglap Secondary School is commendable.

Toon Eng, Father of Daryl Chian of Sec 4, Siglap Secondary School

TREMENDOUSLY IMPROVED MINDSET & RESULTS

I was amazed by the unique and highly effective memory techniques imparted by Nishant to unleash my son's memory power to the fullest potential.

The program has certainly made a significant impact on my son's learning journey.

Mr. Daniel Liu, Father of Liu Hon Jin of Primary 6, Rulan Primary School
